Dear godparents,

We want to say *thank you* for helping our school. We wish you the best and a lot of happiness for your family. Our school is very nice, we like it a lot! We are very proud of the way our school has changed. It is more comfortable. Now, we can complete our secondary education in *our* school. We do not have to go somewhere else. Thank you for your generosity!

Yours sincerely,

The students from 1° B,

Jesús Obrero
